CHAPTER 1

WHY & WHAT IS AFFILIATE MARKETING?

MODULE 1: WHY & WHAT IS AFFILIATE MARKETING?

Affiliate Marketing is where you (the affiliate) generate sales for some other product vendor(s) and in exchange they pay you a commission for each sale that you make.

Some affiliate programs are “continuity” programs in that they require that the customer pay a monthly fee for membership or for use of that product.

Advantages:

- Super easy to promote third party products and keep commissions (50%-100%)
- Just need to drive traffic
- No headache of product creation
- No technical knowledge required
- Can lead to “high ticket commissions”

THE PERFECT PROMOTION METHOD

Module 8: The Perfect Promotion Method

In order to bring extra fire power in each of my affiliate promotions, I use the below mentioned ninja tricks:

Product Review: Review is a very effective technique to create trust factor and transparency in your prospect's mind. Always helps to bag some extra sales in every promotion.

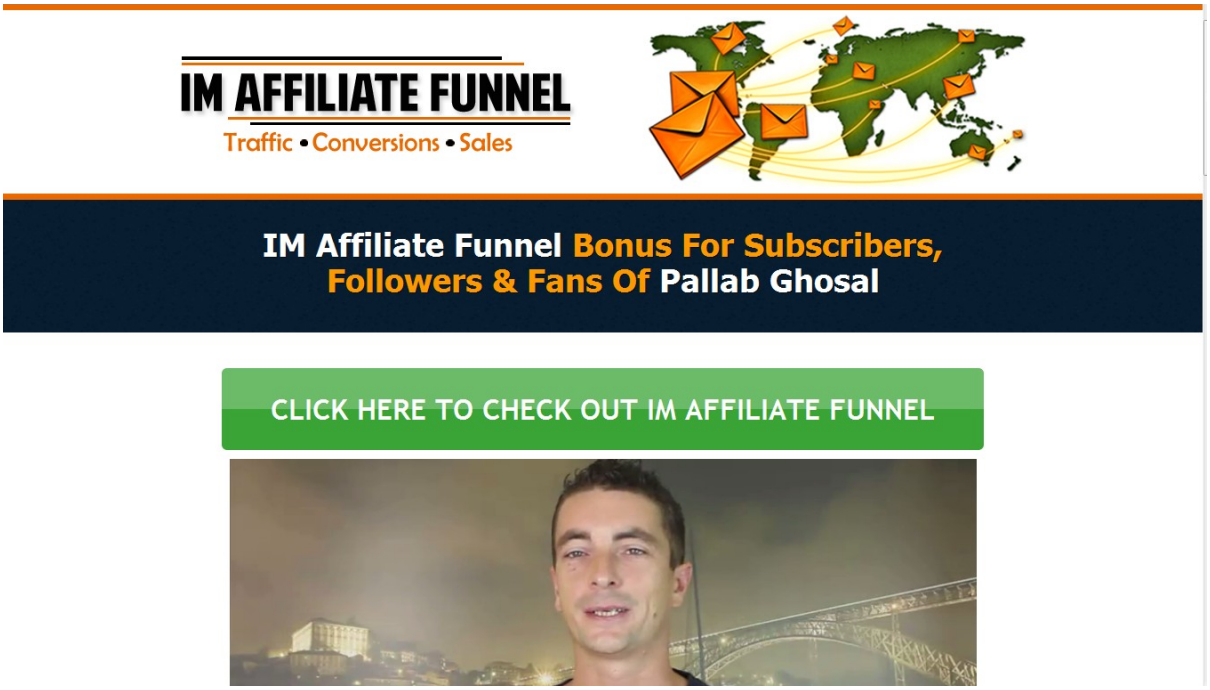

Interview: Interviewing the product creator is the most effective way to presell a launch to your target market.

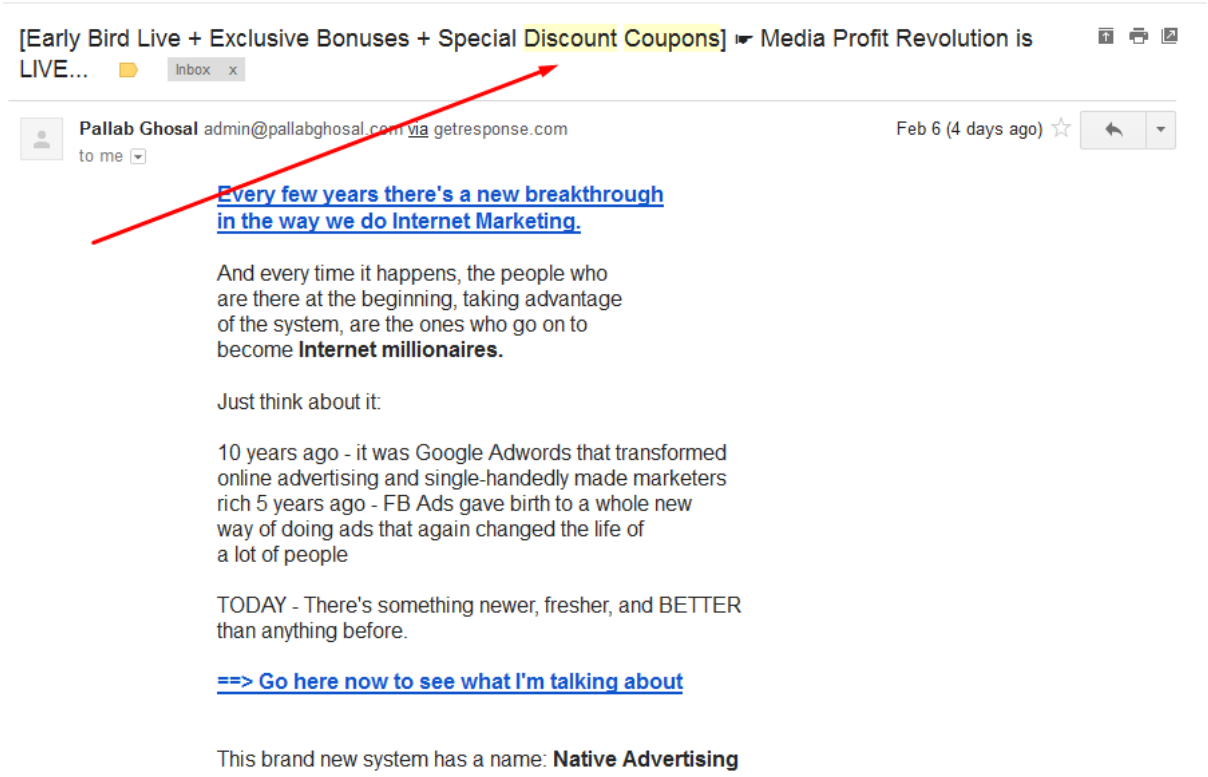

Early Bird: Some launches do have an early bird discounted pricing just before the official launch hour. Subscribers love this.

Bonus Page: Who does not like to have extra bonuses? You can have customized bonus pages provided by the product creator to boost extra sales. Or you can upload your bonuses inside the download area.

Discount Coupons: Everyone loves discounts, so do marketers. Additional discount coupons always help to snatch few extra sales.

You need to ask the product creator for discount coupons.

CHAPTER 10

INTRODUCTION TO SECRET TRAFFIC SOURCE #1

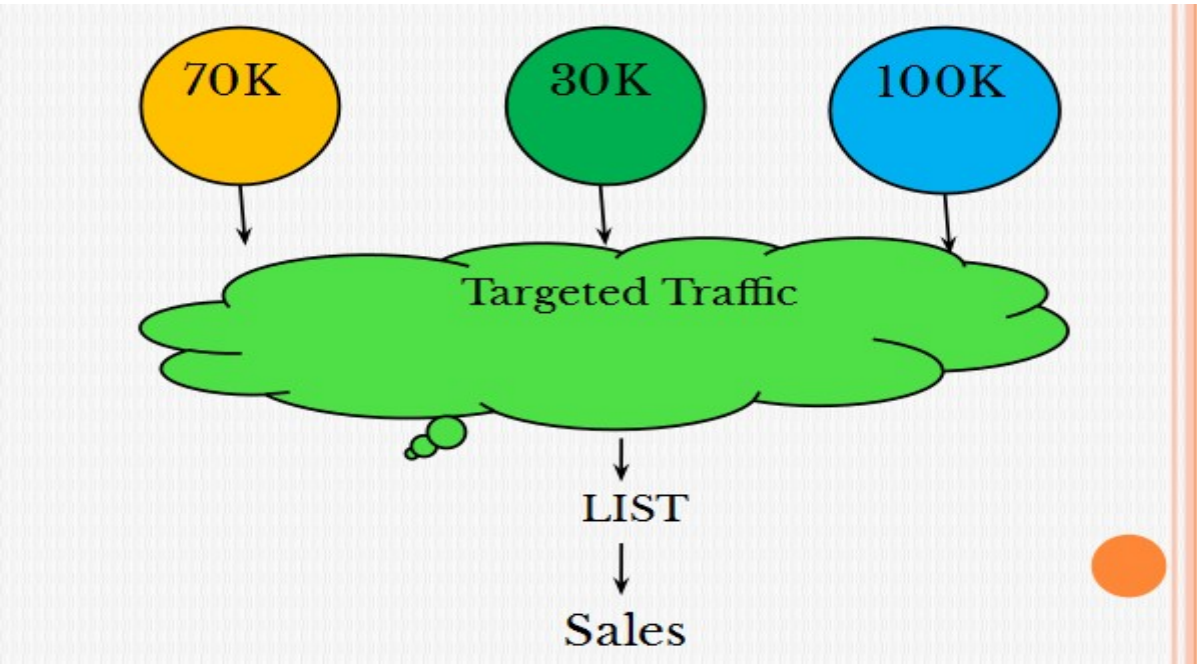

Module 10: Introduction to Secret Traffic Source #1

Let me take you through my no.1 secret untapped traffic source to help you start making affiliate commissions quickly. This exact traffic has helped me to build my email list from zero to 5000 in addition to daily cash commissions.

This is known as Email Marketing or SOLO Ads. SOLO advertisement is the method of sending an email (about your offer) to an existing marketer's list. In turn you can leverage their list for getting traffic leads and sales.

Check the diagram below:

In the example above say you contact 3 different marketers with 70K, 30K & 100K email subscribers. And you pay them upfront per click. In turn they will promote the affiliate offer to their list. As a result you are not only going to earn affiliate commissions for sales but also build your targeted list.

Now the biggest question comes how to find the best SOLO Ad sellers or Email Marketers?

Relax...will solve every puzzle of the jigsaw ☺

Here are some of the methods I use to find best SOLO Ad sellers:

Method 1:

- Search (Google, Yahoo, Bing)
- Keyword + “Newsletter” or “Ezine” or Solo Ad”
- Example “Make Money Online” + Newsletter
- Create a list of 30-40 publishers

Contact them via email and ask the following questions:

THE 7 NINJA QUESTIONS TO ASK TO AVOID FAILURE (98% MARKETERS FAIL BECAUSE THEY DO NOT KNOW THIS TECHNIQUE)

- Do you sell Solo Ads to your list?
- How many active subscribers do you have?
- How often do you mail Solo Ads?
- What is your average email open rate?
- How much do you charge for Solo Ads?
- When is the next available slot?
- How can I submit my Solo Ad with you?

In case they do not get back to you with in next 72 hours, move on.

Method 2:

Find SOLO Ad sellers inside these facebook groups. Remember to add them and chat with them personally and always ask for a discount.

INTRODUCTION TO SECRET TRAFFIC SOURCE #2

Module 11: Introduction to Secret Traffic Source #2

Another top notch secret way of making money promoting affiliate offers is by using banner advertisement. 99.9% affiliate marketers are completely clueless about this ninja stuff. Meaning now you belong to the .1% elite affiliate marketer's clan ☺

This is easy and requires no technical skills. Here are the exact steps to be followed:

Step 1: Almost every affiliate launch comes with pre designed banners inside JV tools:

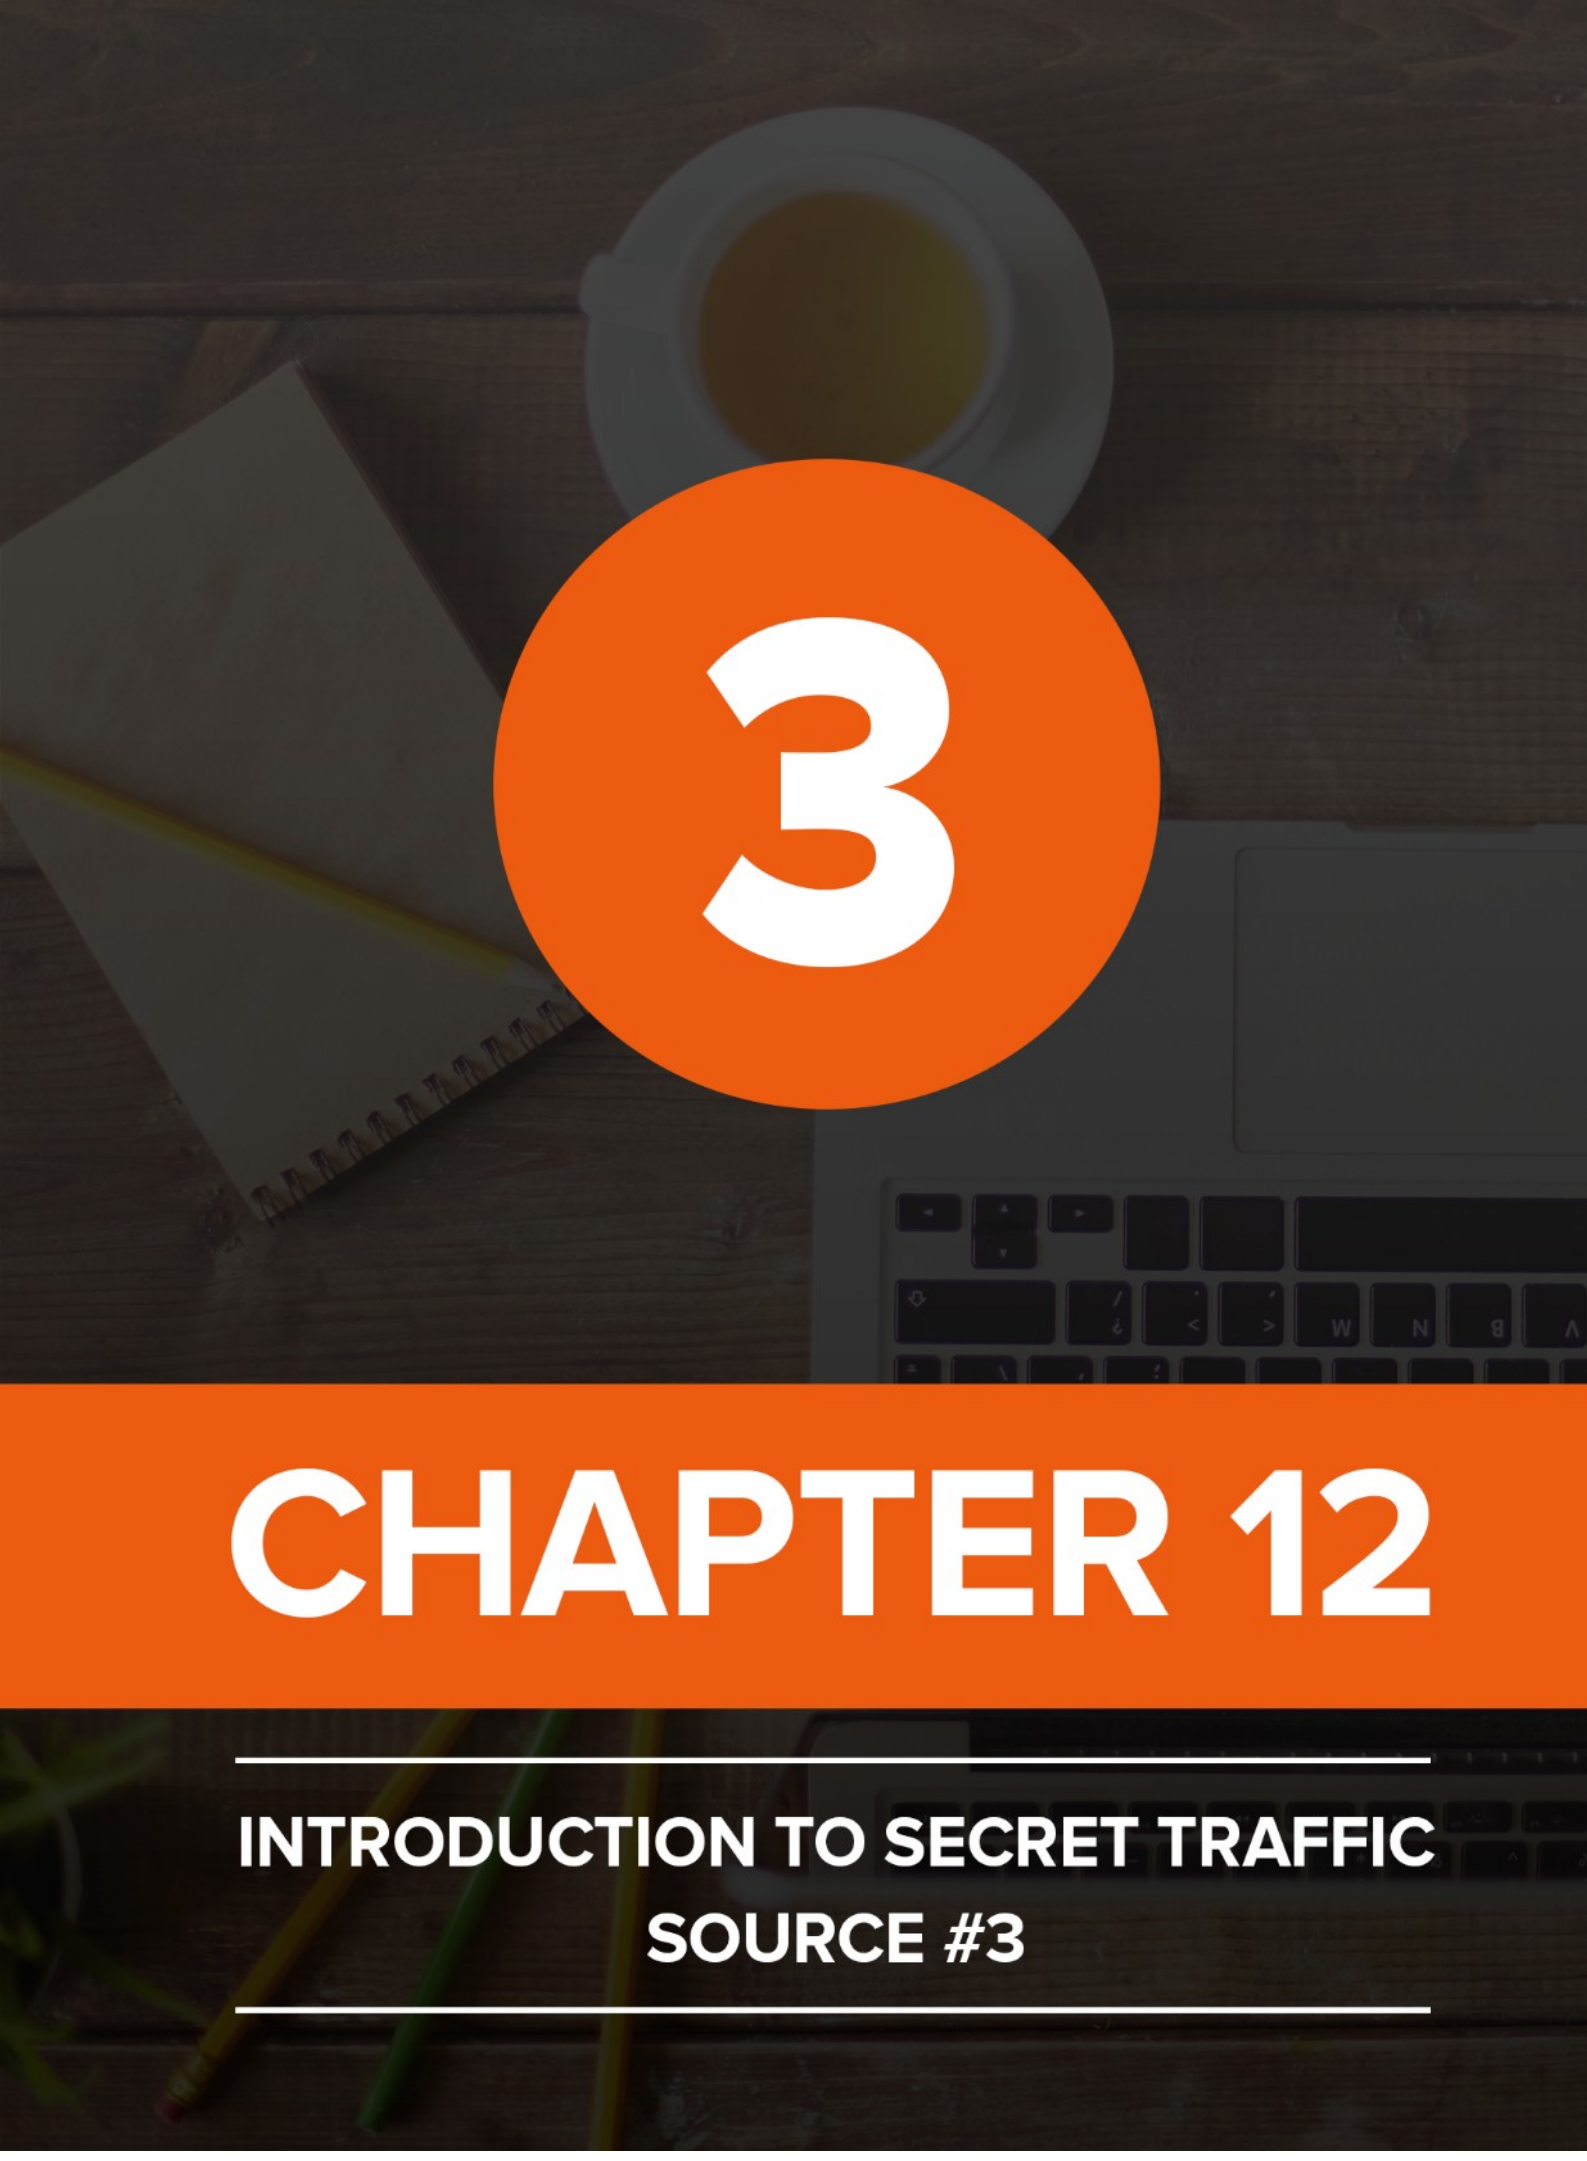

So, no need to create one for yourself.

Step 2: Place your banners inside a high ranked blog and in turn get tons of targeted traffic for your offer. Search in google "Money Making Online" + Blog and you will get plenty of high ranked blogs. Contact the blog owner and ask to place your banner.

Only thing is that you should make sure that the blog gets consistent traffic. Check out the traffic of the blog in Alexa.com (site should rank in the top 1,00,000).

Step 3: Always place your banners “above the fold” (one should not need to scroll down to view the banner).

INTRODUCTION TO SECRET TRAFFIC SOURCE #3

Module 12: Introduction to Secret Traffic Source #2

How to Start Making Affiliate Commission for Free (Ninja Stuff)

Another super effective way to start making money from affiliate offers is by putting banners inside product launches of fellow marketers. This is the simplest way to build your buyer's list for free along with collecting cash.

This underground method works like a champ every time once you put this into action.

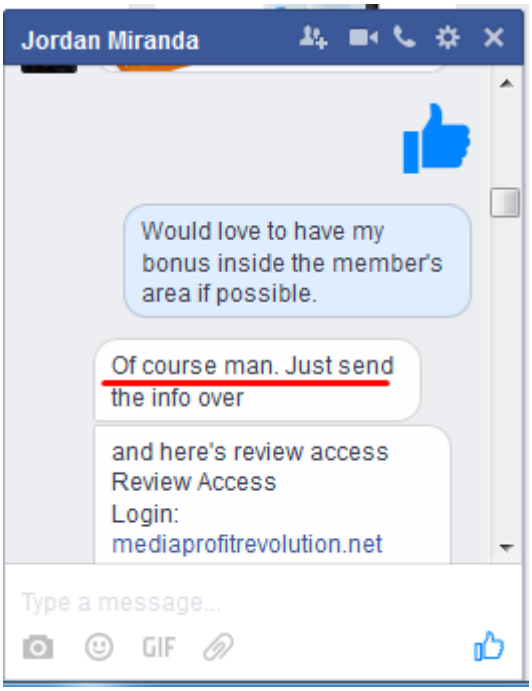

Here are the exact steps to start making money from this method:

Step 1: Create a simple banner for yourself which will divert traffic to your landing page.

You can create banner using MS paint or use fiverr.com to create one.

Step 2: Promote the launch of other marketers and in turn ask them for a bonus spot (placing your banner inside the download area). In most case they will be happy to do so.

Step 3: In case you are absolute newbie and do not have any list to promote other marketer's product, offer them to provide a testimonial / review video in exchange of placing your banner inside.

Use Muncheye.com to get the schedule of future launches. Also add yourself in the following facebook groups:

https://www.facebook.com/groups/190026331177076/

https://www.facebook.com/groups/jvlaunchcalendar/

https://www.facebook.com/groups/948201725190021/

https://www.facebook.com/groups/jvpeergroup/

https://www.facebook.com/groups/jvupdates/

Build a rapport while being gentle and soft to them as they are busy marketers.

CHAPTER 13

THIS IS WHERE EVEN PRO MARKETERS GO WRONG

Module 13: This is Where Even Pro Marketers Go Wrong

Lots of affiliate marketers (even Pro marketers) get their autoresponder account banned and income hits absolute zero because of this one costly mistake.

As they simply copy the affiliate link and send the same link through autoresponder. Now the same link is been spammed everywhere by rookie marketers which effects the delivery rate of the Autoresponders (which the autoresponder's hate). And eventually their account gets banned.

And the worst part is that along with the account shut down even their email list goes for a toss.

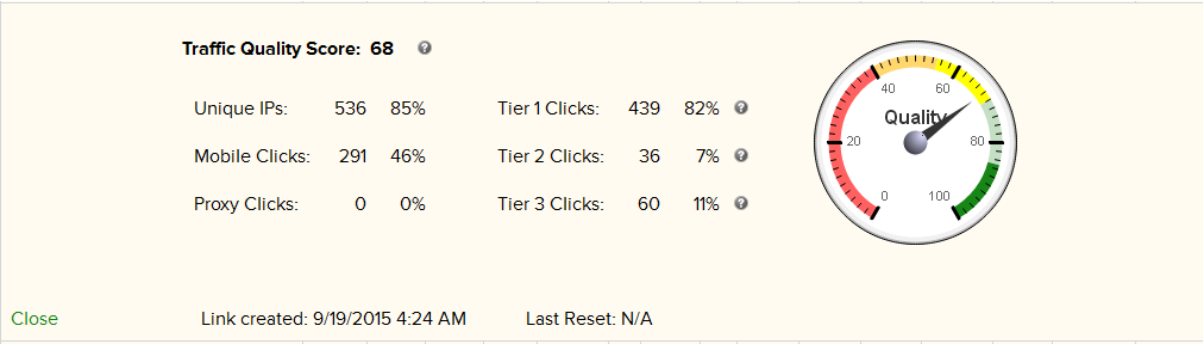

So, what's the way out?

Here is what I do. I always use a customized personal link using Smart tracker pro (check demo, features here) to safeguard myself.

Through Smart tracker pro you can not only safeguard your account but also track every detail like clicks, opt ins, sales etc. Plus you can see the exact IP address from where the clicks are coming from and many more features:

Conclusion

We are in last section of our course. Firstly congratulations for going through the whole course and I hope you enjoyed reading this course.

I wish you all the best. And I am going to again remind you - the key of success is taking action.

All successful marketers are action takers bar none.

So, whatever you learn today, do implement it and you will find success and money rolling in your account very soon.

Don’t just jump from one method to another, stick to one method and keep working on it until you see good money.

I have shared you my complete working method and I hope you are going to work on it and make it happen for you.

And when you earn your first dollar don’t forget to share it with me. I would be very happy to know if this course has helped to finally achieve your breakthrough ☺

To Your Success,

Dan Grant
